

REMARKS/ARGUMENTS

This is in response to the Office Action mailed on July 1, 2004.

Claims 19-21 are canceled; as a result, claims 1-18 and 22-26 are now pending in this application.

1. Summary of the Office Action

Claim 19 stands rejected under 35 U.S.C 102(b) as allegedly being anticipated by the article authored by Malkamaki et al, hereinafter Malkamaki, entitled "A Method For Combining Radio Link Simulations and System Simulations For a Slow Frequency Hopped Cellular System, 1994 IEEE 44th Vehicular Technology Conference, pages 1145-1149.

Claims 20 and 21 stand objected to for incorporating the rejection of their respective base claim by dependency.

Claims 1-18 and 22-26 have been indicated as allowable over the prior art.

2. Response to § 102 Rejections

Responsive to the above noted rejection and objection, claims 19-21 have been canceled, without prejudice.

CONCLUSION

Having amended the claims as indicated herein, Applicants respectfully submit that all rejections and objections have been addressed and that the claims are now in a condition for allowance, which is earnestly solicited.

If necessary, please charge any additional fees or credit overpayment to Deposit Account No. 19-0743. If a telephone interview would in any way expedite the prosecution of the present application, the Examiner is invited to contact André Marais at (408) 333-9972.

Respectfully submitted,

THOMAS S. PATERSON, *ET AL.*
